Dear Parents/Guardians:

I would like to apprise you of a federal policy regarding the release of student information. Included in the **No Child Left Behind Act of 2001**, there is a section 9528, titled Armed Forces Recruiter Access to Students. This section of the bill requires all high schools to provide the armed services recruiters with names, addresses and phone numbers of all of our students unless parents have requested in writing not to release this information.

If you would prefer to restrict access for your child's information, please email or return the bottom portion of this letter to the CHS Guidance Department indicating that you do not want this information released to military recruiters. We need to receive this information no later than Friday, Sept. 5, 2008. If the school does not receive such a letter or email from you by this deadline, we will assume you have no objections to the release of your student's information to Armed Forces Recruiters.

If you have any questions, please do not hesitate to call me.

Sincerely,

Robert C. Manseau  
Principal
