Equal Opportunity Employer

Memorandum

Date: March 15, 2012

To: Litchfield School Board
Elaine Cutler, Ed. D., Superintendent

cc: Litchfield Budget Committee
LSD Administrative Team

From: Steve Martin, Business Administrator

Subj: February 2012 Business and Finance Monthly Report

Included with this report are copies of the following Litchfield School District year-to-date (YTD) financial budget expenditure and revenue reports covering the period ending February 28, 2012.

- Executive Summary Financial Analysis
- YTD Actual to Budget Report by Function
- YTD Actual to Budget Report by Object Account
- YTD Actual to Budget Report by Location
- YTD Revenue Analysis by Account and Project

A general fund YTD Actual to Budget Detail Report is distributed under separate cover.

Finance

With the defeat of article 1 we have started reworking the 2013 operating budget to bring it in line with the default budget appropriation. Starting with the current budget committee MS-27 operating budget and adding back default budgetary items that the budget committee cut (SPED expenses and health insurance premiums), plus adding the non-LEA employee step and range movement salary increases that were also included in the default budget, we are looking for an additional \$372,000 in budget reductions. The Superintendent and administrative team will provide the board with our recommended budget reductions for the board to consider at its March 21 meeting. In order to meet the state's reporting requirements for the MS-22, we do need the board to finalize its 2013 budget on the 21st.

We are in the final stages of beta testing the new version of our eFinancePLUS finance and HR software. We are tentatively planning to move to this new version for production in April.

The business office has started working on moving to a more paperless process in our purchasing and accounts payable area. We are working with Sungard (our vendor) to make changes to our purchase orders, checks and check registers that will add bar coding for automatic filing and retrieval in our document management system. The goal is to provide the school board with paper manifests that will include only the actual manifest to sign and the check register with all of the backup information available for the board to review electronically. The feasibility study is in the early stages but has the potential to significantly reduce the amount of copying.

Several NH schools have been contacted regarding the need to pay royalties for showing movies outside the classroom. The copyright law requires the school district to purchase a license to show each movie within our buildings, even if it is shown by a non-affiliated group such as the PTO. Since there is no way we know what movies will be shown, school districts are offered the option to purchase a site license based on the number of students. We have requested a quotation for this site license and will be making this out-of-budget purchase as soon as possible.

Forecast

We are currently forecasting a year-end fund balance in the general fund of approximately \$103,000 which consists of the current amount of estimated unanticipated revenues and a current estimated underspend of the general fund budget of \$50,000. I still have several areas of concern but am more comfortable that we will underspend and not have to use any of the SPED capital reserve account. A more detailed forecast will be completed in April when the schools will be providing their rest-of-year spending forecasts.

2012 – 2013 Budget

We received our actual health insurance rates from LGC and as we expected our actual rates are the same rates as the Guaranteed Maximum Rates (GMR) used in the budget process. Normally this would give us a \$60,000 budget problem as the budget committee reduced health insurance due to historic under spending. We are adding back this \$60,000 to the default budget as we have overspent the health insurance budget for the last three years when you exclude savings from the difference between the GMR and actual rates.

Technology

We are starting to see performance issues with our email server and nightly backup procedures. With the recent right-to-know requests requiring us to not delete any emails pending completion of our responses, our email message store database is now 20 percent more than the maximum recommended by Microsoft and growing at a rate of 5 gb a month. We were planning to upgrade our email server to Exchange 2010 this summer. However that plan requires a temporary second email server which we do not have that is capable of running the required software. We were going to install the virtual server in order to accomplish the Exchange upgrade but the virtual server was cut from the technology budget.

With the Exchange database size growth it is now critical that we upgrade to Exchange 2010 as it also allows us to more easily segment the Exchange message store into multiple databases thus removing the current size limitation issues. Kyle is working on a fall back plan to accomplish this upgrade as it is now deemed a top priority need for the district's ongoing operations.

Please let me know if you have any questions regarding this report or the associated materials.

Respectfully submitted,

Steve
